ARRANGING FOR TOURNAMENT.

"Senator" Morgan Will go to Jack-
sonville And Arrange For Races
on Pablo-Atlantic Beach.

"Senator" W. J. Morgan, promoter of
the Ormond-Daytona and the Cuban
racing events, will reach Jacksonville
tomorrow morning, says the Times-
Union, and will at once take up the
work of rounding out the details for the
automobile tournament at Atlantic-
Pablo Beach, on April 4, 5 and 6.

A letter from "Senator" Morgan,
whose work in the line that he has made
his special field, has won for him the
title of "Motoring Morgan," tells of the
immediate plans for his trip, the trip
that finally brings him to Jacksonville.
He has just returned from Nassau,
where he was in consultation with H.
E. Benis, manager of the Hotel Conti-
nental, which is to open on March 15.

Today the noted promoter is in Or-
mond, and tonight he will be in St.
Augustine, arranging for special attrac-
tions at that popular resort. Tomorrow
morning, as stated above, he will come
to Jacksonville, and without delay will
take up the work for the local tourna-
ment.

Time trials will be run off, open to all,
with times to be taken by means of the
McMurry timing-apparatus used in all
the big racing events. The big 250-
horsepower, eight-cylinder Vanderbilt
car, driven by Paul Sartori, will proba-
bly run against time and an effort is be-
ing made to bring Demogott, with his
200-horsepower, eight-cylinder Darracq
here. These special races will no doubt
attract many.

J. C. Vertrees, Jr., a well known citi-
zen of Palatka, is in the city on a short
visit.

G. G. Strohm and H. S. Miller, of
West Palm Beach, are among the Flori-
dians in the city.

Owing to the shallow water in the
Tonoka the steamer Uncle Sam did not
go on that trip, but went with a large
party to New Smyrna today.

Dreams.
A scientist explains some of the
strange phenomena of dreams by say-
ing that they are due to what he calls
"hereditary memory." He takes the
"falling through space" dream and
points out that after suffering the men-
tal agony of falling the sleeper es-
capes the shock of the actual stopping.
The explanation is that the falling sen-
sations have been transmitted from
remote ancestors who were fortunate
enough to save themselves after fall-
ing from great heights in treetops by
clutching the branches. The molecu-
lar changes in the cerebral cells due
to the shock of stopping could not be
transmitted because victims falling to
the bottom would be killed. In a sim-
ilar manner by reverting to the habits
of animals which existed centuries ago
the same investigator finds an expla-
nation for the mental state experi-
enced by individuals in various dreams—
the "pursuing monster" dream, the
"reptile and vermin" dream, color
dreams, suffocation dreams, flying
dreams and the like.

The Height of Endurance.
"Are you capable of enduring toil,
self sacrifice and personal discomfort in
your determination to accomplish
something you have set out to do?" in-
quired the man who gives advice.
"Yes," answered the youth, "I can
conscientiously say I am. I once col-
ored a meerschau pipe."—Exchange.
